## DAS-REMI

2017-2018 School Year

First Quarter Report

Goal 2.B.3

### School Level Crisis Exercises

Savannah-Chatham Board of Education Police Department  
"Providing a Safe and Secure Environment"

M. Ann Levett, Ed.D., Superintendent

Terry L. Enoch, Chief of Police

**STRATEGIC GOAL 2:**  
**TO PROVIDE A SUPPORTIVE LEARNING ENVIRONMENT THAT**  
**IS CONDUCIVE TO TEACHING AND LEARNING**

**STRATEGIC GOAL 2.B**

- B. To promote and increase prevention-based and behavior intervention programs for maintaining a safe and healthy environment.**

**GOAL 2.B.3**

**School Level Crisis Exercises**

**Executive Summary**

The DAS-REMI is a data-driven accountability manual that provides a straightforward, measurable, transparent tool for assessing district performance in academic and non-academic areas. These objectives specify what the Superintendent and the administration will be focusing on to accomplish each of the Board's strategic goals.

In accordance with Strategic Goal 2.B.3, the Board of Education Police Department shall provide a report that provides the number of School Level Crisis Exercises conducted. A School Level Crisis Exercise tracks the exposure of mocked or simulated crisis at the schools, and is based on the expectation that each school site will conduct 1 live and 2 simulated exercises each school year. This indicator is important as it exposes the administration to crisis scenarios and engages them in high-impact learning practice to minimize risk.

For the first quarter of the 2017-2018 school year (August - September 2017), of the fifty-six (56) schools, forty-seven (47) completed the simulated (tabletops) school level crisis exercises. There were zero (0) functional (live) exercises. Thus, 83.92% of the schools completed the tabletop exercises for the first quarter. The target of 100% was not met for the school level crisis exercises.

Of the five (5) Charter schools, only one (1) simulated (tabletops) was conducted, resulting in 20% of the Charter schools completing the simulated (tabletops) school level crisis exercises. All schools participated in the Active Shooter scenario for their simulated exercises. Depicted below is a summary of the report:

### **Simulated (Tabletop) Exercises**

Active Shooter Scenarios – 47

### **Functional (Live) Exercises**

Functional Exercises Completed - 0
