

CTAE Summer Camp

@ Savannah High

Career, Technical, and Agricultural Education

Updated 3.28.2023

Party Planning

This party planning camp will help you master the art of event planning. You will gain the skills needed to succeed in creating awesome events! You'll learn how to create a memorable celebration from start to finish! Sessions: June 5-9, June 12-16, June 20-23, June 26-30

Sizzling Spa & Beauty Camp

This exciting camp introduces students to the world of cosmetology and teaches the fundamental principles of hair styling, makeup design, and nail care. The Sizzling Spa & Beauty Camp has something for everyone. Students will focus on hair, facials, and nail art design! Sessions: June 5-9, June 20-23, June 26-30

Gaming!

In this introductory camp, students will learn the fundamentals of programming in the context of creating their own games. During the camp they will create several prototypes along with the instructor, and complete challenges along the way to solidify and expand their new game design knowledge. Sessions: June 5-9, June 12-16, June 20-23, June 26-30

Construct It!

Join us for a camp for students who love to work with their hands to create something big! Construction camp will include an introduction to carpentry and finishing skills, and campers will learn the basics of building a project from start to finish. Campers will learn safety skills and operation of construction tools. Sessions: June 5-9, June 20-23, June 26-30

Culinary Academy

This program allows students to prepare various dishes, learn from a top culinary expert, find out about sustainable cooking, and more. In addition to learning culinary techniques, from knife skills to plating presentation, students will learn about baking and pastry arts. Sessions: June 5-9, June 20-23, June 26-30

STEAM Dream

In this STEAM camp, students will learn how to create computational innovations using programmable devices! They will learn the engineering process, problem solve, use technology to create music and art and explore computer programming concepts. Session: June 26-30

MARKETING MADNESS

Campers will learn basic concepts of marketing and will have the opportunity to create products/services and market them to their fellow campers. This is a great way to take a business idea and learn how to share it with others! Sessions: June 5-9, June 26-30

Maker's Space

Campers will be exposed to hands-on problem solving through using tools, machines, and various technologies. Students will use multimedia and design concepts to create signs, t-shirts, banners and more! Sessions: June 5-9, June 20-23, June 26-30
