DISTRICT NOTICE – CORONAVIRUS PRECAUTIONS

Dear Staff, Parents/Guardians:

As information becomes available regarding cases of the coronavirus, SCCPSS would like to remind our families of some basic precautions for the health and wellness of our school communities. If your child or a member of your family has been to China and recently returned to our community, we request that you remain observant of the symptoms associated with this virus and take all precautionary measures.

SCCPSS has no confirmed cases of this virus, and as reported by the Department of Public Health as of Monday, January 27, there are no confirmed cases of coronavirus in the state of Georgia.

However, anyone who has traveled from the affected area of China into the United States, and exhibits symptoms of coronavirus (runny nose, headache, cough, sore throat, fever, a general feeling of being unwell), should seek the advice of their health care provider immediately. Please contact your school principal if this applies to your child.

This message is being provided as a precautionary notice only.

Thank you for your continued support in keeping our students and staff safe. More information on the coronavirus is available at https://www.cdc.gov/coronavirus.
