

Advanced Placement AP BOOT CAMP

Registration Fee: \$100

High AP exams scores can help your college application stand out. Your grades remain among the most important parts of your application, and high AP exam scores further confirm your hard work and in-depth subject knowledge.

The AP Boot Camp is available to all SCCPSS students in grades 8-12. Our program will focus on Pre-AP activities and practice in Social Studies, Mathematics, English/ Language Arts, and Spanish.

AP Prep Experts: Our teachers have extensive experience helping students prepare for AP exams. Their subject knowledge and intricate understanding of the exams is unmatched!

AP Boot Camp – Bus transportation

Camp Offerings:

Junior University/World Language Camp (grades 3-7)

Our combined camps will allow students to take enrichment courses in English/Language Arts, Science, and Mathematics. The learning opportunities are game-based and hands-on with activities and experiences that students do not get during the school year.

Students will also take two world language courses each day (French and Spanish) and no prior experience is required. They will participate in fun, engaging, and innovative activities that help them become more proficient in language and more culturally aware. Activities include art projects, interactive games, and music.

AP Boot Camp (grades 8-12)

AP Boot Camps help all students get ready for Advanced Placement work! Students will benefit from expert guidance from experienced AP teachers. This camp is designed for upcoming and current high school students and will help them to develop an understanding of the AP curriculum and course expectations.
