

Islands Campus Athletic Complex

Project Update | April 5, 2019

Construction Starting

Savannah-Chatham County Public School System

Construction of the Islands High Athletic Complex will be underway shortly!

Silt fence installation is in progress and the construction entrance has been put in place. Tree clearing and excavation is expected to begin the week of April 15, 2019.

Contractor work hours are typically 7:00am – 6:00pm, Monday – Friday. Some Saturday work may be necessary to make up weather days and hold the construction schedule. Contractors are expected to use the access road from Whitemarsh Island Road that leads to Marshpoint Elementary School. Use will be properly coordinated to avoid conflicts with student drop-off and pick-up times.

- ✓ The stadium complex is designed with an artificial turf playing surface and includes grandstands with a 2,000-seat capacity. Separate buildings for public restrooms and team rooms are also included!
- ✓ Includes special low-spill field lighting that will keep only the play field illuminated and not the surrounding neighborhoods!
- ✓ A tree buffer between the field and neighboring properties will minimize disturbance and a large retention pond will be provided for storm drainage!
