

What is a Family-Parent School Compact?

It is a jointly developed written commitment describing how all members of a school community—families, teachers, principals, and students—agree to share responsibility for student learning. This compact helps bridge the learning connection between school and home.

How is it Revised?

Beach High School invited all families to attend our Annual Parent Forum, to review, provide input, and revise this Family-Parent School Compact, as well as the school wide plan, our Family Policy and the familial involvement budget. Additionally, family feedback and comments regarding this compact are welcome during the school year through email or an online form under the “Title I” tab on the website (Beach.sccpss.com) . The compact is posted on our school web site (by grade level) for families to view and submit feedback throughout the year. All family feedback received during the year will be used to revise the compact for the next school year. Families can also give feedback during family meetings and activities. The monthly calendar of family and community events can be found under the “Title I” tab on the website and flyers will be sent home with the students.
