

CTAE Summer Camp

Career, Technical, and Agricultural Education @ Woodville Tompkins

Updated 4.13.2022

Sizzling Spa & Beauty Camp

This exciting camp introduces students to the world of cosmetology and teaches the fundamental principles of hair styling, makeup design, and nail care. The Sizzling Spa & Beauty Camp has something for everyone. Students will focus on hair, facials and nail art design!

CAMP T & I

This exciting, hands-on camp is for those interested in exploring careers in Trade and Industry. This includes metalwork through welding and learning basic automotive skills. Students will practice welding processes and learn about operation and set up of equipment as well careers related to T & I. Girls welcome!

STEAM Dream

In this robotics/engineering camp, campers will create their own robots, mouse trap cars, bottle rockets and more! They will learn the engineering process, problem solve, and explore computer programming concepts. Students will have the opportunity to work on independent projects, as well as collaborate with other campers on other projects.

Construct It!

Join us for a camp for students who love to work with their hands to create something big! Construction camp will include an introduction to carpentry and finishing skills, and campers will learn the basics of building a project from start to finish. Campers will learn safety skills and operation of construction tools.

Culinary Academy

This program allows students to prepare various dishes, learn from a top culinary expert, find out about sustainable cooking, and more. In addition to learning culinary techniques, from knife skills to plating presentation, students will learn about baking and pastry arts.

Sports Broadcasting

Ever wanted to be a sports broadcaster and call the live action? Wanna work with real broadcasting sets? In this camp, Low Country Radio's Charlie Moon, 20-year professional sports broadcaster is going to introduce you to the world of sports broadcasting!

SOCIAL MEDIA, SPORTS & MORE

Interested in Entrepreneurship? And marketing? Students will learn how to navigate social media platforms for their own business, how to network, improve soft skills, and ways to pursue careers in the Sports and Entertainment industry.

Makers Space

Campers will be exposed to hands-on problem solving through using tools, machines, and various technologies. Students will use multimedia and design concepts to create signs, t-shirts, banners and more!

Cost: \$350 ♦ June 1 – June 29 ♦ 9:00am – 3:00pm ♦ For Rising 6th – 9th Graders
Before & After Care – Additional \$150 (7:30am - 6:00pm)
