What is a School-Family/Parent Compact?

This is an agreement between families, students, and teachers that explains how families and teachers will work together to make sure all our students reach grade-level standards.

Jointly Developed

This compact was the joint effort of parents, students, teachers, and administration. Each member of the development team offered their input into how we can help students achieve success. Input was also given during the Parent Forum, via surveys, feedback at meetings, Annual Evaluation survey, or by responding to reflection forms.
