Humanities at

Juliette Low

School of Humanities at Juliette Gordon Low Families,

Beginning next week, **August 30-September 3, 2021**, we will be administering **Beginning of the Year (BOY) i-Ready Diagnostic assessments** to students in grades K-5 in the areas of Reading and Math. Below, you will find information on the i-Ready program and how we will be using it in the classroom.

What is i-Ready?

i-Ready is an online program that will help us assess your child's individual needs and monitor their progress throughout the school year.

- The i-Ready Diagnostic is an adaptive test that adjusts its questions to suit your child's performance. Its purpose is not to give your child a score or grade but instead to determine where they need the most support.
- i-Ready Instruction provides students with lessons based on their individual skill level and needs, so your child can learn at a pace that is just right for them. These lessons are fun and interactive, with games and characters to keep your child engaged.

How will i-Ready help my child?

i-Ready will help us determine how we can best support your child in meeting their learning goals and will provide lessons that fit their individual needs. Past data shows that students who used i-Ready for more than 45 minutes per week grew 44% more in Reading and 65% more in Math than the average student.

Once your child completes the Beginning of the Year (BOY) Diagnostic assessment, he or she will be assigned online instruction to support his or her progress in mastering needed skills. Again, the lessons are proven to assist with growing your child academically.

Should you have any questions or concerns, please do not hesitate to contact us at (912) 395-6380 or your child's teacher. Thank you for your continued support.
