SIS is pleased to announce the new **Year Round Update(YRU)** form is now available in the PowerSchool Parent Access Portal. This form allows parents/guardians the ability to update phone numbers, emails, and emergency contacts anytime throughout the rest of the school year. Data is updated immediately in PowerSchool upon form submission.

In addition, a link and acknowledgement for the SY 20-21 Code of Conduct is located on the YRU. This will allow schools to have anyone who has not acknowledged the SY 20-21 Code of Conduct do so by completing YRU form via the Parent Access portal.

Please note that addresses and parent/guardian names cannot be updated in the YRU. Parents will need to contact PES directly for those requests as additional documentation is required.
