

Happy New Year Eagle Nation!

Although it may not seem like it, with the flip floppy weather, we are in the Winter season and in our final semester of the 2021/2022 school year. We hope that your family is continuing to adjust/adapt to all the changes we are being faced with and making lasting memories with those that you love. At SWMS, we will continue to make the safety of our staff and student body our top priority. Please remember to encourage COVID protocols and keep children home who are feeling ill and/or displaying COVID related symptoms. We thank you so much for all that you are doing to keep SWMS a safe place to learn.
